

JUNE 5 - 8, 2016
Vancouver Convention Centre
CONFERENCE PROGRAM

Reimagining Healthcare Delivery in Canada

Join Canada's Largest National e-Health Conference & Tradeshow

A healthcare professional, a Black man with a shaved head, is shown from the chest up, wearing blue scrubs. He is looking down at a tablet computer he is holding with both hands. The background is a bright, out-of-focus hospital corridor with large windows and a modern interior design.

Health

Lenovo[™]

HEALTH I.T. REIMAGINED

Lenovo Health is a passionate and forward-thinking IT partner that recognizes the uncertainty facing health professionals and sees potential for better care. Our mission is to help you create better care through a health IT foundation that enhances efficiencies, facilitates collaboration, and keeps professionals at the forefront of industry changes.

Welcome to e-Health 2016

Whether you are a veteran or first time attendee, we are delighted to welcome to you e-Health 2016 Conference & Tradeshow.

This year's conference theme is "**Reimagining Healthcare Delivery in Canada**". We have an impressive roster of speakers ready to engage and inform.

From networking and education to provocative discussions and debate, this year's Conference is sure to reveal the possibilities that will transform healthcare in Canada.

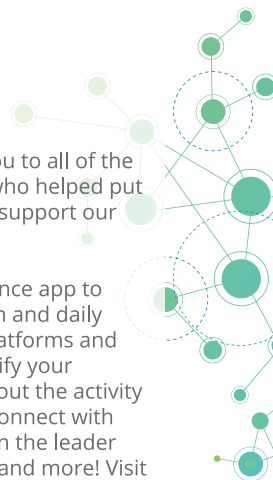

The Hacking Health teams have been gearing up to find solutions to Canada's top health challenges; and Innovation Alley promises to present the latest in digital health start-ups. The exhibit hall is filled with a wide variety of healthcare providers and vendors.

We would like to formally thank all Committee members who helped make this event happen and are grateful to the many individuals, teams, organizations, vendors and clinicians who took time to submit abstracts and participate this year.

And finally, a heartfelt thank you to all of the ambassadors and volunteers who helped put a 'face' on this conference and support our call to action.

Don't forget to use the conference app to guide you through the program and daily activities. It's available on all platforms and will give you the ability to amplify your conference experience. Check out the activity feed to browse the news and connect with others, compete for top spot on the leader board and link to social media and more! Visit App Store or Google Play and search "**eHealth Conference 2016**" to download it. HTML 5/Blackberry users to access mobile app via e-Health website: www.e-healthconference.com/conference-info/mobile-app

We know you will find this year's conference to be invaluable and we look forward to sharing in this experience with you. As always, we welcome your feedback, so please reach out in person through conference staff or volunteers. **Enjoy your time at e-Health 2016!**

HEALTHIER CANADIANS THROUGH DIGITAL HEALTH

Together with our partners we help to improve access to care, create health system efficiencies and, most importantly, improve outcomes for patients. We are focused on supporting effective medication management through a multi-jurisdiction **e-prescribing solution** and streamlining care through **patient online services** and **telehomecare**.

Learn more about our priorities at **Booth 517** or in our Corporate Summary Plan, available at **www.infoway-inforoute.ca**

Conference Hosts

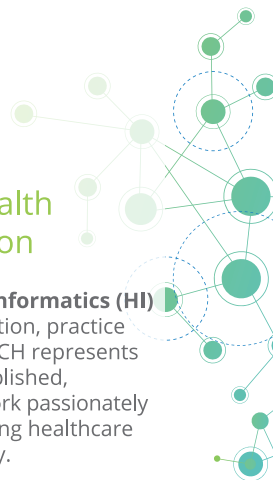

ASSOCIATION CANADIENNE
D'INFORMATIQUE DE LA SANTÉ

COACH: Canada's Health Informatics Association

www.coachorg.com

COACH is the **voice of health informatics (HI)** in Canada, promoting the adoption, practice and professionalism of HI. COACH represents a diverse community of accomplished, influential professionals who work passionately to make a difference in advancing healthcare through information technology.

Canadian Institute
for Health Information

Institut canadien
d'information sur la santé

Canadian Institute for Health Information (CIHI)

www.cihi.ca

CIHI is an independent, not-for-profit organization that provides essential information on Canada's health system and the health of Canadians. Our stakeholders use our broad range of health databases, measurements and standards, together with our evidence-based reports and analyses, in their day-to-day decision-making. We protect the privacy of Canadians by ensuring the confidentiality, integrity and availability of our health care information.

Canada Inforoute
Health Santé
Infoway du Canada

Canada Health Infoway (Infoway)

www.infoway-inforoute.ca

Infoway helps to improve the health of Canadians by working with partners to accelerate the development, adoption and effective use of digital health across Canada. Through their investments, Infoway helps to deliver better quality and access to care and more efficient delivery of health services for patients and clinicians.

General Information

Onsite Registration Hours

The registration desk is located on the ground level of the East Building in the Vancouver Convention Centre, and will be open at the following times:

Sunday, June 5th	08:00 - 18:00
Monday, June 6th	06:00 - 17:30
Tuesday, June 7th	07:00 - 19:00
Wednesday, June 8th	08:00 - 13:00

Name Badge Policy

Names badges will be provided to all delegates and participants upon check in at the Registration Desk. Please wear your name badge at all times; it is your access to meals, plenary and concurrent sessions, the exhibit and social events. No badge, no access. **There is a \$50.00 CAD reprint fee** for any lost or misplaced badge. This is to ensure the access to the conference is properly managed.

Lunches & Receptions

All lunches, breaks and admission to all e-Health 2016 sponsored receptions at the conference are included in the FULL conference registration fees.

Note: This does not apply to the President's Welcome Reception held on Sunday June 5th from 16:30 - 17:30

Dress Code

Casual business attire is recommended for the conference. If attending, you are invited to dress up for the Gala. This is traditionally a black-tie occasion, but in keeping with the tradition of the evening social at e-Health, more casual attire is also welcome.

The Hub

The Hub is a fun, interactive gathering place to hang out, Tweet and connect with fellow e-Health attendees! Located at the stage in the exhibit hall, visit the Hub to meet and discuss what you're learning and hearing in person and online. Make sure to stop by, spark conversation, and share ideas!

Sponsored By

Recharge Station

The Recharge Station allows you to power up your mobile devices at no charge, while networking with conference delegates and connecting with e-Health exhibitors. This station is located in Exhibit Hall B & C, at the East Building of the Vancouver Convention Centre.

Sponsored By

HEALTH - AND - TECHNOLOGY
DISTRICT

e-Health 2016 Fun Run

Monday, June 6th: 6:30 - 7:30

Run participants are to meet at the Front (South) entrance at the VCC East Building at 6:15 am. Run will begin at 6:30 am sharp.

Sponsored By

Speaker Ready Room

Speaker Ready Room is located in Meeting Room 14. An audio-visual technician will be available to assist with checking your presentation. All Presenters are required to submit their slides at least 24 hours prior to their scheduled presentation to ensure compatibility with the Conference AV Equipment.

Speaker Ready Room will be open to assist you at the following times:

Sunday, June 5th	08:00 - 17:00
Monday, June 6th	08:00 - 17:00
Tuesday, June 7th	08:00 - 17:00
Wednesday, June 8th	08:00 - 12:00

e-Poster Presentations

e-Poster presentations are available for viewing in the Exhibit Hall during exhibit hours on Monday, June 6th and during the coffee break on Tuesday, June 7th only. The e-Posters will compete for Best Overall e-Poster on Wednesday, June 8th in MR 7 during the Concurrent Sessions. Please refer to the e-Poster presentation schedule available via the e-Health 2016 mobile application for details.

Networking Events

Sunday, June 5th: 17:30 – 19:00
e-Health Welcome Reception
Oceanview Suites, Pan Pacific Hotel

Monday, June 6th: 17:30 – 19:00
Mix & Mingle Reception
VCC East Building, Exhibit Hall A

Tuesday, June 7th: 16:00 – 17:00
Wine and Cheese Reception
VCC East Building, Exhibit Hall B & C

Tuesday, June 7th: 18:15 – 19:00
Pre-Gala Reception
VCC East Building, Exhibit Hall A

Accreditation

CPHIMS-CAs are eligible to earn over 20 Continuing Education (CE) hours to put towards their CPHIMS-CA renewal for attending e-Health 2016. The breakdown is as follows:

- Up to **6 CE hours** for the Keynote and Plenary Sessions
- Up to **6 CE hours** for the Sunday Symposium
- Up to **4 CE hours** for the Sponsor Symposia
- Up to **8 CE hours** for the Concurrent Sessions

Hackathon

e-Health 2016 Design Jam Hackathon

Over 8 weeks, healthcare experts, designers, developers, engineers, patients, and mentors collaborated to create solutions and digital health prototypes that aim to address pressing healthcare challenges. Hacking Health worked with Desjardins Insurance and Gevity to deliver this 8 week design challenge, which will culminate in a demo showcase and final presentations onsite at e-Health 2016. Join us for the Opening Ceremonies on June 5th at 7pm, visit the teams on the exhibit floor throughout the day on Monday June 6th, attend the initial judging showcase on Tuesday June 7th or come and vote for the "People's Choice" award during the Tuesday afternoon plenary session. Prizes will be awarded during the wine & cheese reception on the exhibit floor on Tuesday, June 7th.

Sunday Symposium & Program Accreditation

Sunday Symposium: Reimagining Healthcare – Connecting Care

Collaboratively brought to you by COACH, Canada Health Infoway and CIHI, e-Health 2016's new Sunday Symposium program is designed to offer something for everyone in Canada's HI Community, including clinicians, administrators, analysts, vendors, government agencies and regulatory authorities, academics, researchers and students. This year we are combining the events of several individual forums and before workshops into one Symposium!

The Program provides attendees with opportunities to:

- Consider and evaluate the impact new integration tools have on clinical workflow and practice
- Analyze and evaluate the findings from virtualizing care, data to action and clinical requirements active research projects as they apply to respective disciplines and healthcare settings
- Share experiences and best practices among national and international digital health providers and implementers toward connecting care for optimal patient management

Program Accreditation

The Symposium program is accredited to allow attending clinicians and health care leaders to earn valuable education credits, as follows: attendance at this program entitles certified CCHL members (CHE / Fellow) to 2.25 Category II credits towards their maintenance of certification requirement. CPHIMS-CA credential holders are eligible to earn 6 Continuing Education hours to put towards their CPHIMS-CA renewal for attending the Symposium.

Sunday Symposium Program Committee

COACH, CIHI and Canada Health Infoway wish to thank their staff and volunteers on the Program Committee for organizing the Sunday Symposium.

Another adventure. And the future-proof technology to help keep them healthy for many more.

Health information has the power to change the quality of our lives, and we're working hard to improve healthcare across generations. When clinicians have access to complete patient information from the entire care continuum, everyone benefits. Enhanced analysis. Increased insight. Informed decisions. And that adds up to a better quality of life for everyone.

Open platform technology built for today with the vision to adapt to tomorrow.

For more information, please visit us at eHealth in booth #416 or e-mail CanadianSolutions@orionhealth.com

Showcase

The Showcase has been an integral part of e-Health since 2007. Building on the outstanding success of the provincial success stories component, introduced in 2014, we will again be featuring some of the great innovations and collaborations between the public and private sector.

Attend a Success Story demonstration in one of two showcase theatres to hear how jurisdictions have implemented innovative e-Health solutions. The Showcase Theatre is also host to special presentations on topics related to e-Health innovation.

TECHNOLOGY WILL CHANGE THE WAY WE ALL INTERACT WITH HEALTHCARE

QHR
Technologies

QHR is bringing technology forward as a solution that makes a difference as we **Re-imagine Healthcare Delivery in Canada.**

With technology **empowering healthcare providers**, we know that stronger workflows equate to better patient outcomes.

Only the **leaders** and systems that evolve can bring about great advances on the landscape of Canadian healthcare...

AccuroEMR and Medeo are a part of that grand evolution.

Join us!

Our Brand Ambassador, five time Olympic medalist, Hayley Wickenheiser will be making a guest appearance at booth 706.

Breakfast Symposia

- **Establishing a Foundation of Integrated Clinical Data to Improve Outcomes**
VCC East Building, MR 7

- **A Major Shift in Genetics... From the Research Lab to the Patient Bedside**
VCC East Building, Ballroom B

- **HealthCare 2026**
VCC East Building, Ballroom C

08:00 - 12:00

Hacking / Mentorship (Hackathon)
VCC East Building, Exhibit Hall C

08:30 - 10:00

Morning Plenary Speaker
VCC East Building, Exhibit Hall A

PL03 Why Entrepreneurship is Essential for Bold Change in Healthcare (and why it's needed right now)

John DeHart, Co-Founder, Nurse Next Door, CA

09:00 - 12:00

Judging - First Round (Hackathon)
VCC East Building, Exhibit Hall C

09:30 - 17:00

Exhibit Hours
VCC East Building, Exhibit Halls B & C

09:30 - 10:30

COACH AGM
VCC East Building, MR 12

09:30 - 11:00

Technology Innovations
VCC East Building, Exhibit Hall - Station 1

09:30 EP01.01 Using Infoway Message Builder To Provide Proven Efficient Interoperability

Kris Lewis, Sierra Systems, CA

09:41 EP01.02 Will Your Point of Service System Be EHR Connectivity Ready?

Mike Krasnay, eHealth Ontario, CA

09:52 EP01.03 Rule Based Approach for Integrating SNOMED CT, LOINC, and RxNorm

Shapoor Shayegani, Apelon, Inc., US

10:03 EP01.04 Building Wide Systems

Integration Powered by Brains

Sanjay Mishra, Johnson Controls, CA

10:14 EP01.05 Communicating Health Information: A Survey of User Preferences

Amber Purewal, York University, CA

10:25 EP01.06 Consensus around

Technology-Facilitated Health Care Options

Amédée Gogovor, McGill University, CA

10:36 EP01.07 Wireless Physiological Monitor System Adapted for Apple Watch and iOS

Toshio Ohyanagi, Sapporo Medical University, JP

10:47 EP01.08 International Project Innovations to Apply to Canadian Healthcare Delivery

Valerie Lukac, Gevity Consulting Inc., CA

09:30 - 11:00

Systems Adoption
VCC East Building, Exhibit Hall - Station 2

09:30 EP02.01 Meaningful End-User Support for Meaningful EMR Use: A Scoping Review

Gurprit Randhawa, University of Victoria, CA

09:40 EP02.02 Chronic Obstructive Pulmonary Disease Integrated Care Pathway within Cerner

Elizabeth Nemeth, Healthtech Consultants, CANetwork, CA

- 09:50 EP02.03** Randomized Controlled Monitoring of EMR Clinical Decision Support
Mark Ballermann, Alberta Health Services, CA
- 10:00 EP02.04** Developing a Patient-Reported Outcome Measures (PROMs) Program in Canada
Ellis Chow, Canadian Institute for Health Information, CA
- 10:10 EP02.05** Use of Documentation Systems and Community Nurses' Problem Solving
Dawood Al-Masslawi, University of British Columbia, CA
- 10:20 EP02.06** Pan-Canadian Clinical Peer Network Best Practices Supporting Digital Health Implementations
Cindy Hollister, Canada Health Infoway, CA
- 10:30 EP02.07** The State of Change Management and its Transformational Impact
Cindy Hollister, Canada Health Infoway, CA
- 10:40 EP02.08** ICT Practices And Attitudes Towards e-Health Adoption In Kenya
Edna Maina, Kenya Medical Research Institute, KE
- 10:50 EP02.09** Blended Learning Enhances Physician Utilization of the Electronic Health Record
Stephanie Ayres, London Health Sciences Centre, CA

09:30 - 11:00

Design and Delivery

VCC East Building, Exhibit Hall - Station 3

- 09:30 EP03.01** Medication Error Reduction with Closed Loop Medication Administration
Stephanie Ayres, St. Joseph's Health Care London, CA
- 09:39 EP03.02** Evaluation of the Provincial Referral Standards for Ontario
Shez Daya, Toronto Central LHIN, CA
- 09:48 EP03.03** Developing a Taxonomy of Technology-Mediated Adverse Events
Leanne Currie, UBC, CA
- 09:57 EP03.04** Standardization: Laying the Foundation for HIS Benefits Realization
Natasha Milijasevic, Ph.d., Trillium Health Partners, CA
- 10:06 EP03.05** Dynamic Decision-Support

Tool for Strengthening Chronic Disease Prevention and Management

Saeed Samet, Memorial University, CA

- 10:15 EP03.06** The Conceptual Information Model: A Vital Part of the EHR
Peter Bascom, eHealth Ontario, CA
- 10:24 EP03.07** Impact of Provincial Diagnostic Imaging (DI) Sharing to Healthcare Delivery
Angela Lianos, eHealth Ontario, CA
- 10:33 EP03.08** Benefits Driven Implementation Planning
Danielle Sanagan, St. Joseph's Healthcare Hamilton, CA
- 10:42 EP03.09** National Network of Immunization Registries: Canadian Functional and Data Standards
Claudia Brown, Government of Canada, CA
- 10:51 EP03.10** Making the Most of Healthcare Conversations
Tracy Martell, Island Health, CA

09:30 - 11:00

Systems Implementation

VCC East Building, Exhibit Hall - Station 4

- 09:30 EP04.01** Organization-Wide Order Set Design, Clinical Review and Sign Off
Tracy Martell, Island Health, CA
- 09:42 EP04.02** Community Information Management - a Collaborative Cross Sector Solution
Jennifer Wilkie, Reconnect Mental Health Services, CA
- 09:54 EP04.03** Interoperability That Improves your Clinical Practice
Bill Clifford, Northern Health Authority, CA
- 10:06 EP04.04** Validating Data Increases Workload but Not Data Quality in EMRs
Darren Hudson, University of Alberta, CA
- 10:18 EP04.05** Collaboration to Improve Patient Outcomes in Mental Health
Wendy Odell, Ontario Shores, CA |
Karen Belcourt, Waypoint Centre for Mental Health Care, CA
- 10:30 EP04.06** Pre-Requisites to a Big Bang Implementation Approach
Kyle Schembri, Gevity Consulting Inc., CA
- 10:42 EP04.07** Scaling Up Clinical Interoperability in Canada's Largest LTC Sector
Stuart Feldman, PointClickCare, CA

09:30 - 11:00

Patient Engagement

VCC East Building, Exhibit Hall - Station 5

09:30 EP05.01 Shared Decision-Making Using Personal Health Record Technology: A Scoping Review at the Crossroads

Selena Davis, University of Victoria, CA

09:41 EP05.02 Relational Ethics and Technology: Considerations for Qualitative Health Research

Elly Park, University of Alberta, CA

09:52 EP05.03 A Web-Based Database for Nurse Led Outreach Teams in Toronto

Shirley Shi Ling Li, Regional Geriatric Program of Toronto, CA

Strategy & Analytics

VCC East Building, Exhibit Hall - Station 5

10:03 EP06.01 Measuring Patient Safety in Canadian Hospitals

Jennifer Frood, Canadian Institute for Health Information, CA

10:14 EP06.02 Economic Model for Financial Incentive Change to Drive System Transformation

Valerie Lukac, Gevity Consulting Inc., CA

10:25 EP06.03 A Different Approach to Maturing and Measuring Your EA Practice

Henry Kamstra, Fraser Health Authority, CA

10:36 EP06.04 A Model for Provisioning Student Access to the EHR

Diane Gulbransen, BC Children's & Women's Hospital, CA

10:47 EP06.05 A Framework for Secure Health Statistical Analysis Methods

Saeed Samet, Memorial University, CA

10:00 - 11:00

Mid- Morning Symposia

Are Open Source Health Solutions Ready for Prime Time?

VCC East Building, Ballroom A

Cybersecurity Landscape: Confidence to Connect

VCC East Building, Ballroom B

11:00 - 12:30

CIHI Panel Session

VCC East Building, MR 15

HS02.01 Improving the Availability of Comparable Primary Healthcare Information - Ontario EMR Content Standard Demonstration Projects

Mary Byrnes, Manager, Primary Health Care Information, CIHI | **Mohamed Alarakhia**, Director, Centre for Family Medicine Family Health Team (CFFM FHT) eHealth Centre of Excellence | **Mark A. Mycyk**, Business Intelligence Program Lead, AOHC

Canadian Institute
for Health Information

Institut canadien
d'information sur la santé

11:00 - 12:30

EMR/EHR Transformation: Benefits Realization

VCC East Building, Ballroom A | *Track: Executive*

11:00 CS10.01 Achieving Clinical

Transformation with an Electronic Health Record: Progress Report

Jane Paterson, Centre for Addiction and Mental Health, CA | **Carrie Fletcher**, CAMH - Centre for Addiction and Mental Health, CA

11:30 CS10.02 Leveraging the EMR: Lessons from Canada's HIMSS Davies Winner

Wendy Odell, Ontario Shores, CA | **Sanaz Riahi**, Ontario Shores, CA

12:00 CS10.03 Up the HIMSS Stages, Across the Continuum

Mary Lyn Fyfe, Island Health, CA | **Suzanne Fox**, Island Health, CA

11:00 - 12:30

EMR Analytics

VCC East Building, Ballroom B | *Track: Clinical*

11:00 CS11.01 EMR-Enabled Improved

**Outcomes and ROI: Internationally
Examples of Local Adaptability**

Steven Shaha, Center for Public Policy &
Admin, and Allscripts, US

11:15 CS11.02 EMR-Enabled Continuous
Improvement: EMR-Facilitated
Highest Safety and Outcomes

Steven Shaha, Center for Public Policy &
Admin, and Allscripts, US

11:30 CS11.03 The Connected EMR: Increasing
Clinical Value App by App

Roy Wyman, South East Toronto Family
Health Team, CA

12:00 CS11.04 Bending the Surgical Cost Curve:
Engaging Surgeons with Actionable
Analytics

Leon Salvail, Gevity Consulting Inc, CA |

Valerie Lukac, Gevity Consulting Inc., CA |

David Ball, AnalysisWorks, CA

11:00 - 12:30

Opportunities & Challenges of Interoperability

VCC East Building, MR 7 | *Track: Executive*

11:00 PS03.01 Everyone Hates

Interoperability - Let's Fix That

Gavin Tong, Gevity, CA | **Attila Farkas**,
Canada Health Infoway, CA |

James Agnew, University Health
Network, Toronto, CA

12:00 CS12.01 Partnerships to Drive Clinical
Interoperability

Sophia Buvyer, Northern Health /
Interior Health, CA | **Silvio Labriola**,
Intrahealth, CA | **Larry Chrobot**, AIHS, CA

11:00 - 12:30

Keeping Patients at Home

VCC East Building, MR 8 | *Track: Clinical*

11:00 CS13.01 Casting a Wide Net: Integrating
Home Medications into an EHR

Russ Swaga, Island Health, CA | **Douglas
Arndt**, Vancouver Island Health, CA

11:30 CS13.02 Implementing a Multi-Jurisdictional
Telepathology Solution - a Pan-Canadian
Proof of Concept

Emma Housser, NL Centre for Health
Information, CA | **Zoya Volynskaya**,
University Health Network, CA

12:00 CS13.03 People First, Technology
Second- Best Practice Sharing for
Telemonitoring Programs

Susan May, GE Healthcare, CA

11:00 - 12:30

Medication Systems' Design

VCC East Building, MR 10 | *Track: Clinical & Executive*

11:00 CS14.01 Building Acceptable EMR
Decision Supports for Seniors'
Medication Management

Robert Hayward, University of Alberta, CA

11:30 CS14.02 Medication Administration
Documentation: Better Traceability in
eMAR ?

Genevieve Mercier, CHU Sainte-Justine, CA

12:00 CS14.03 Implementation of a
Cross-Continuum Closed Loop
Medication System

Tracy Martell, Island Health, CA | **Willie
Pewarchuk**, Island Health, CA

11:00 - 12:30

Large Scale Change

VCC East Building, MR 12 | *Track: Executive*

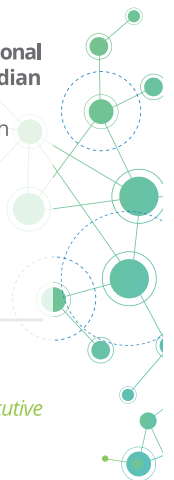

11:00 PS04.01 Learnings from an
Inter-Organizational Collaboration
Connecting Provincial PharmaNet Data

Cindy Convey, Fraser Health, CA | **Paul
Squires**, BC Ministry of Health, CA |

Todd Kinnee, Interior Health Authority, CA

12:00 CS15.01 Architecting for an Innovative
Digital Health Enterprise in Nova Scotia

Teemu Lehtonen, Government of Nova
Scotia, CA

11:00 - 12:30

Keeping Pace with Data Sharing

VCC East Building, MR 11 | *Track: Executive*

11:00 PS05.01 Data Sharing Agreements - Are They Friend or Foe?

Joan Roch, Canada Health Infoway, CA |
Abigail Carter-Langford, eHealth Ontario, CA | **Mariana Diacu**, Ministry of Health, CA | **Alyssa Daku**, eHealth Saskatchewan, CA

12:00 CS16.01 Unlikely Bedfellows? Innovation and Data Meet Privacy and Access!

Elizabeth Iwaskow, Government of Nova Scotia, CA

11:00 - 12:30

Innovations in Scheduling

VCC East Building, MR 16 | *Track: Executive*

11:00 CS19.01 Digitization of the Provincial Mobile Mammography Screening Program at BCCA

Janette Sam, BC Cancer Agency, CA |
Valerie Lukac, Gevity Consulting Inc., CA

11:30 CS19.02 Solving the Relief Shift Dilemma
Keri Fraser, Vocantas, CA | **Shawn Robinson**, Vancouver Island Health Authority, CA

12:00 CS19.03 Utilizing learnings from Cervical Screening Reminder Calls Pilot for Spread
Aaron Randall, Cancer Care Ontario, CA

11:00 - 12:30

Digital Health Expertise

VCC East Building, MR 13 | *Track: Executive*

11:00 CS17.01 Integrating Consumer Health in Next Generation Teaching for Patient-Centred Healthcare

Anne Fazzalari, Canada Health Infoway, CA

11:30 CS17.02 Peer Networks to Integrate Digital Health Competencies in Nursing Education
Richard Booth, Western University, CA |
Gylnda Doyle, BCIT, CA | **Elizabeth Borycki**, University of Victoria, CA

12:00 CS17.03 Train the Trainers - Medical Education in an Era of eHealth
Robert Hayward, University of Alberta, CA

11:00 - 12:30

Large Scale Adoption

VCC East Building, MR 17 | *Track: Clinical & Executive*

11:00 PS06.01 eHealth or eShelf?

Ashwin Kutty, WeUsThem Inc., CA |
Faten Alshazly, WeUsThem Inc., CA |
Stan Kutcher, TeenMentalHealth.Org, CA

12:00 CS20.01 Transforming Alberta's Referral Experience: Connecting Patients and Healthcare Professionals
Jodi Glassford, Alberta Health Services, CA

11:00 - 12:30

User Experiences

VCC East Building, Ballroom C | *Track: Clinical*

11:00 CS18.01 Understanding How Physicians Process Data in Critical Care Information Systems
Darren Hudson, University of Alberta, CA

11:15 CS18.02 Physician Satisfaction with a Provincial Critical Care Information System
Darren Hudson, University of Alberta, CA

11:30 CS18.03 Remote Monitoring and Self-Management Support to Prevent Exacerbations in COPD
Sara Ahmed, McGill University, CA

12:00 CS18.04 A New Framework for Generating Clinical Requirements for eHealth Solutions
Susan Sepa, Canada Health Infoway, CA

11:00 - 12:30

User Engagement

VCC East Building, MR 18 | *Track: Clinical*

11:00 CS21.01 We've Come a Long Way, Maybe? Clinicians and IT

Julia Zarb, University of Toronto, CA |
Emily Seto, University of Toronto, CA |
Michael Li, Vancouver Coastal Health, CA |
Sam Gharbi, Vancouver Coastal Health, CA

11:30 CS21.02 Driving Clinical Adoption and Change with Physicians
Theresa Lefort, Healthtech Consultants, CA

12:00 CS21.03 Implementation of an Ambulatory EMR: Lessons Learned
Melissa Marriott, Fraser Health Authority, CA

12:30 - 13:30

Networking Lunch

VCC, East Building, Exhibit Hall B, C

13:30 - 14:30

Hackathon: Final Presentations (Top 10)
VCC East Building, Exhibit Hall A

14:30 - 16:00

Infoway Session
VCC, East Building, MR 11

14:30 HS03.01 Launching Canada's First
Multi-Jurisdiction Electronic Prescribing
Initiative

Lynne Zucker, Vice President, Clinical
Systems Integration, Canada Health
Infoway, CA | **Bobbi Reinholdt**, Division
Executive, e-Prescribing, Canada Health
Infoway, CA

15:15 HS03.02 Virtual visits in British
Columbia: System, Patient and
Physician Perspectives

Chad Leaver, Canada Health Infoway, CA
| **Kimberlyn McGrail**, UBC, Centre for
Health Services and Policy Research, CA |
Eric Cadesky, UBC, Centre for Health
Services and Policy Research, CA

Canada Inforoute
Health Santé
Infoway du Canada

14:30 - 16:00

**Transformational Change Through
Innovation**

VCC East Building, Ballroom A | *Track: Executive*

14:30 CS22.01 Aligning IT Services to
Business Needs: Business
Relationship Management Approach

Terra Ierasts, University Health Network,
CA | **Candice Newell**, University Health
Network, CA

15:00 CS22.02 Clinical Knowledge and Content
Management - A Program's Journey

Debbie Pinter, Alberta Health Services, CA

15:30 CS22.03 Clinical Governance through
Transformational Change and Creating a
Learning Organization

Mary Lyn Fyfe, Island Health, CA |
Suzanne Fox, Island Health, CA

14:30 - 16:00

Approaches to Accessing Health Data
VCC East Building, MR 7 | *Track: Executive*

14:30 PS08.01 Minors Access to Their
Information: Pandora's Box Is Open

Fraser Ratchford, Canada Health
Infoway, CA | **Joan Roch**, Canada Health
Infoway, CA | **Jennifer Gillert**, Children's
Hospital of Eastern Ontario (CHEO), CA

15:30 CS24.01 eHealth Federation - Boldly Going
Where No One Has Gone Before

Ron Soper, eHealth Ontario, CA

14:30 - 16:00

Making Interoperability Work for Clinicians
VCC East Building, MR 8 | *Track: Executive*

14:30 CS25.01 Applying a New Generation of
Standardization for Clinical Care

Don Newsham, 4C Consulting, CA | **Neil
Gardner**, eHealth Saskatchewan, CA

15:00 CS25.02 Clinical Information Systems
Integration: Connecting Health Authority
and Provincial Systems

Aneet Sahota, Fraser Health Authority, CA
| **Cindy Convey**, Fraser Health, CA

15:30 CS25.03 Moving the Yard Sticks in the
Community

Dale Anderson, HNHB / HITS eHealth, CA |
Barbara Teal, Harvard Medical Group, CA

14:30 - 16:00

**Collaboration Across Organizational
Boundaries**

VCC East Building, MR 10 | *Track: Executive*

14:30 CS26.01 Matching Policy to Innovation:
The Champlain BASE eConsult Service

Clare Liddy, University of Ottawa, CA

15:30 PS09.01 Overcoming the Many Challenges
of Multi-Organizational Collaboration

Jeremy Smith, Vancouver Coastal Health, CA
| **Stephanie Ayres**, London Health Sciences
Centre, CA | **Keith Dipboye**, Vancouver
Coastal Health, CA et al.

14:30 - 16:00

mHealth: Strategy, Standards & Approaches
VCC East Building, Ballroom C | *Track: Executive*

- 14:30 CS27.01** Got Mobile? The Building Blocks of Mobile Health
Tiffany Chui, Fraser Health Authority, CA
- 15:00 CS27.02** Interoperability: Jaded, Bitter but Hopeful
Gavin Tong, Gevity, CA
- 15:30 CS27.03** Mobile-Based Assessment of Gait and Executive Function in a Neurorehabilitation Setting
Jenna Blumenthal, University of Toronto, CA

14:30 - 16:00

Telehealth for Chronic Disease Management
VCC East Building, MR 12 | *Track: Executive*

- 14:30 CS28.01** Innovative Care Delivery Models: the Success of Home Health Monitoring
Lisa Saffarek, Island Health, CA | **Susanne Wilkinson**, TELUS Health, CA
- 15:00 CS28.02** Expanding Telehomecare in Ontario - Using a Pragmatic Research Approach
Rhonda Wilson, Ontario Telemedicine Network, CA | **Sacha Bhatia**, Women's College Research Institute, CA
- 15:30 CS28.03** Where Does Telemonitoring Fit in Our Healthcare System?
Emily Seto, University of Toronto, CA

14:30 - 16:00

Big Data Analytics
VCC East Building, MR 13 | *Track: Executive*

- 14:30 CS29.01** H-DRIVE: Health Data Analytics Platform to Optimize Pathology Laboratory Operations
Raza Abidi, Dalhousie University, CA | **Samuel Stewart**, Dalhousie University, CA
- 15:00 CS29.02** Advancing the Use of Health Analytics in Canada
Mark Nenadovic, Canada Health Infoway, CA | **Kelly Moran**, Ministry of Health, CA
- 15:30 CS29.03** Big Data in Manitoba, Linking Primary Care and Administrative Data
Alexander Singer, University of Manitoba, CA

14:30 - 16:00

Patient Engagement
VCC East Building, MR 15 | *Track: Clinical & Executive*

- 14:30 CS30.01** Chatham-Kent Health Link High User Management Program: Impressive Initial Results
Jean Mireault, Logibec, CA | **Nancy Snobelen**, Chatham-Kent Health Alliance, CA
- 15:00 CS30.02** e-Patients in B.C.: Building eHealth Capacity through Public Participation

Jennifer Cordeiro, University of British Columbia, CA

- 15:30 CS30.03** HearMe: An Automated Transcripts, Sign Language, and Keywords Generator
Ahoora Sadeghi Boroujerdi, Memorial University of Newfoundland, CA

14:30 - 16:00

Developing Expertise
VCC East Building, MR 16 | *Track: Executive*

- 14:30 CS31.01** Integrating Today's Health Information Technology into Health Professional Education
Andre Kushniruk, University of Victoria, CA | **Elizabeth Borycki**, University of Victoria, CA | **Aviv Shachak**, University of Toronto, CA | **Kendall Ho**, University of British Columbia, CA
- 15:00 CS31.02** Researching the Realities behind Our Talent Shortage
Mary Beth Seaman, Greythorn, US | **Glenn Lanteigne**, Tectonic Advisory Services, CA
- 15:30 CS31.03** Catching Godot: Competencies for Today's and Tomorrow's Challenges
Dominic Covey, National Institutes of Health Informatics, CA

14:30 - 16:00

Using Analytics to Drive Improvement

VCC East Building, MR 17 | *Track: Executive*

14:30 CS32.01 Population Grouper Decision Support for Health Care and Policy Decisions

Greg Zinck, Canadian Institute for Health Information, CA | **Martha Burd**, BC Ministry of Health, CA

15:00 CS32.02 Using Standards to Inform Quality, Drive Improvement in Long-Term Care

Lynn McNeely, Canadian Institute for Health Information, CA

15:30 CS32.03 Closing the Data Gap in Ambulatory Care

Anne Motwani, Canadian Institute for Health Information (CIHI), CA | **Ginette Therriault**, Canadian Institute for Health Information (CIHI), CA

14:30 - 16:00

Impact of Technology

VCC East Building, MR 18 | *Track: Executive*

14:30 CS33.1 "Uber"-fication of Healthcare is Coming to Canada

Vincent Ng, TELUS Health, CA

15:00 PS10.01 Doctor, the Patient Will See You Now on Screen 4!

David Thomas, TELUS Health, CA | **Stanley Kutcher**, Sun Life Financial Chair in Adolescent Mental Health, CA | **Ryan Berger**, Bull, Housser & Tupper LLP, CA | **Brendan Byrne**, TELUS Health, CA | **Leonard Kish**, YouBase.io, US

14:30 - 15:30

First Nations eHealth Initiatives: Culturally Relevant Health & Wellness

VCC East Building, Ballroom B

14:30 PS07.01 Working with BC's First Nations as a Partner in Health & Wellness

Jeffrey Yu, First Nations Health Authority, CA

14:40 PS07.02 Upstream Investments to Increase Quality and Utilization of Telemedicine Services

Orpah McKenzie, Keewaytinook Okimakanak, CA

14:50 PS07.03 eANISKOPITAK "Tying Together the Clusters through eHealth Systems"

Lisa Clarke, First Nations Health and Social Secretariat of Manitoba, CA

15:00 PS07.04 Client-Centric Health Information Management for Consumer Health Advancements

Karl Mallory, Mustimuhw Information Solutions Inc., CA

15:10 PS07.05 eHealth Infrastructure

Audrey Parke, Onion Lake Health Board Inc., CA

15:30 - 16:00

Incentivizing Change

VCC East Building, Ballroom B | *Track: Clinical & Executive*

15:30 CS23.01 Why ePrescribing in Canada Needs a Kick-Start

Vincent Ng, TELUS Health, CA | **Susan Pipers**, TELUS Health, CA

16:00 - 17:00

Wine & Cheese Reception

VCC East Building, Exhibit Halls B & C

16:00 - 17:00

Hackathon Award Presentations

VCC East Building, The Hub, Exhibit Halls B & C

18:15 - 19:00

Pre-Gala Reception

VCC East Building, Exhibit Hall A

19:00 - 22:00

CHIA Gala

VCC East Building, Exhibit Hall A

Schedule: Wednesday, June 8

08:30 - 10:00

Big Thinking in ICT and EHR
VCC East Building, MR 2

08:30 CS34.01 Healthtech Maturity Model - Beyond EMRAM for Better Clinical Outcomes

Bill Meredith, Healthtech Consultants, CA

09:00 CS34.02 No More Borders: Expanding Successful eHealth Solutions across Canada

Matthew Leduc, OntarioMD, CA

09:30 CS34.03 Building Effective IM-IT Governance in the Community Sector
Lynsey Turchet, MD+A Health Solutions, CA

08:30 - 10:00

Clinical Decision Support
VCC East Building, MR 3

08:30 CS35.01 An Intelligent WBAN System for Heart Disease Prediction Using NSGA
Babak Emami Abarghouei, Memorial University of Newfoundland, CA

09:00 CS35.02 Enabling Advanced Analytics: Alignment of Strategy, Technology, and Organizational Structure

Christine Grimm, Government of Nova Scotia, CA | **Jill Casey**, Government of Nova Scotia, CA

09:30 CS35.03 Identifying Patients at Risk of Heart Failure Using Semantic Technology
Russell Buchanan, Gevity Consulting Inc, CA | **Sitaramesh Emani** Md, The Ohio State University Wexner Medical Center, US

08:30 - 10:00

Improving Medication Management
VCC East Building, MR 8

08:30 CS36.01 IV to PO Transitions: Reality-Based, Impactful Medication Management through Technology
Steven Shaha, Center for Public Policy & Admin, and Allscripts, US

09:00 CS36.02 Digital Order Sets Support Patient Safety by Increasing VTE Prophylaxis

Barbara Chapman, St. Josephs Healthcare Hamilton, CA

09:30 CS36.03 A Disease Specific Drug Alert - Interpreting Alert Data

Scott Kraft, Alberta Health Services, CA

08:30 - 10:00

Focused Strategy for Improved Communications
VCC East Building, MR 10

08:30 CS37.01 E-magine ePROs: Personalizing Care with Electronic Patient Reported Outcomes Collection

Tran Truong, University Health Network, CA

09:00 CS37.02 CCO's Analytics Driven Cancer Screening Marketing Campaign Design in Action

Eli Kane, CCO, CA

09:30 CS37.03 Improving Transitions through Implementation and Evaluation of Standardized Discharge Summary
Patrick O'Brien, St. Michael's Hospital, CA

08:30 - 10:00

Telehealth and Video Conferencing
VCC East Building, MR 11

08:30 CS38.01 Transforming Hyperacute Stroke Care through Telehealth: The Manitoba Experience

Susan Boles, Manitoba eHealth, CA

09:00 CS38.02 TeleMS Virtual Consultations in Vancouver Island

Amber Holden, Island Health, CA |

Margarita Loyola, Island Health, CA

09:30 CS38.03 EHealth Enabled Aged Care Nursing for Rural and Regional Australia
Helga Merl, The University of Newcastle, AU

08:30 - 10:00

**Patient Engagement - Patient Engagement -
Mobile Mental Health Apps**

VCC East Building, MR 12

**08:30 CS39.01 Innovative Applications for
Redesigning Youth Mental Health
Experiences: myEXP Apps**

Gillian Mulvale, McMaster University, CA

**09:00 CS39.02 Design Guideline for Mobile
Applications for Mental-Health
Conditions in Seniors**

Peyman Azad Khaneghah, University of
Alberta, CA

**09:30 CS39.03 Usability Evaluation of a
Computerized Behavioral Intervention
for Diabetes Management**

Samina Abidi, Dalhousie University, CA

08:30 - 10:00

Continuity of Care

VCC East Building, MR 13

**08:30 PS11.01 What interRAI Interoperability
Means for Continuity of Care**

Finnie Flores, Canadian Institute for
Health Information, CA | **Lynn McNeely**,
Canadian Institute for Health Information,
CA | **John Hirdes**, University of Waterloo,
CA | **Adam Prybyl**, Momentum
Healthware, Inc., CA

**09:30 CS40.01 Continuity of Care Delivery -
Planning, Enabling and Assessing**

Patrick Powers, HIMSS Analytics, US |
James Gaston, HIMSS Analytics, US |
Brent Kruschel, Interior Health, CA |
Richard Wedge, Health PEI, CA

08:30 - 10:00

Professional Development

VCC East Building, MR 15

**08:30 CS41.01 Developing Business

The banner for the e-Health Conference & Tradeshow features the event logo at the top left, which includes a stylized mountain range and the text "e-Health Annual Conference & Tradeshow". To the right of the logo, a green box contains the dates "June 5 - 8, 2016" and the location "VANCOUVER, BC". Below the header, the banner is divided into four images: a scenic view of the Vancouver skyline and harbor with sailboats; a group of people in business attire interacting at a booth; a close-up of a woman speaking at a podium; and a traditional Indigenous Totem Pole. At the bottom of the banner, the website "www.e-HealthConference.com" is displayed.

Exhibitor Biographies

4Point

4Point / Adobe #809

www.4point.com | www.adobe.com

Four Point Solutions Ltd. (4Point) is an Adobe Premier Solution Partner focused on delivering innovative end-to-end applications to provide clients with efficient, effective and engaging solutions customized to meet their needs. 4Point provides a complete range of systems integration, training, and support services around AEM Forms & Sites and Adobe Campaign, backed by leading expertise in Adobe technology.

Avizia #501

www.avizia.com

Avizia is redefining healthcare by offering the only globally available end-to-end telehealth platform that integrates industry-leading video devices with clinical workflow management software and secure communication apps. Care providers in 37 countries are using Avizia's platform to enable virtual care across the continuum, connecting any patient to any provider in any place.

Bialogics Analytics Inc #709

www.bialogics.com

Bialogics' new discovery-driven-data analytics platform, securely and efficiently gathers data from any Clinical Information System. Considered a next-generation approach to enterprise analytics, the Bialogics Analytics Platform leverages real-time collection across multiple health protocols, commonizing data for visualization. Bialogics' applications include, Diagnostic Imaging, Cardiology and Enterprise Analytics and is utilized in conjunction with the EHR or Big Data warehouse strategies.

Bits In Glass #1101

www.bitsinglass.com

Bits In Glass (BIG) is an innovative Technology Services firm that helps healthcare organizations increase operational efficiency and patient care quality by automating processes and sharing data securely. Our experienced Consultants can design and implement technology solutions in weeks so your stakeholders can meet their goals this year.

Borden Ladner Gervais LLP #401

www.blg.com

Borden Ladner Gervais LLP (BLG) is a leading, national, full-service Canadian law firm focusing on business law, commercial litigation and arbitration, and intellectual property solutions for our clients. BLG is one of the country's largest law firms with more than 725 lawyers, intellectual property agents and other professionals in five cities across Canada.

BROCADE®

Brocade #807

www.brocade.com

Brocade® networking solutions empower the world's leading organizations to transition smoothly to a world where applications and information reside anywhere. By delivering agility and innovation for cloud-based environments, Brocade helps organizations modernize their networks and accelerate their journey to the New IP.

Canada Health Inforoute #517

www.inforoute-inforoute.ca

Canada Health Inforoute (Inforoute) helps to improve the health of Canadians by working with partners to accelerate the development, adoption and effective use of digital health across Canada. Through our investments, we help deliver better quality and access to care and more efficient delivery of health services for patients and clinicians. Inforoute is an independent, not-for-profit organization funded by the federal government.

CareSystems

Care Systems, Inc. #803

www.caresystemsinc.com

Workforce optimization, Care Systems' niche, and its seamlessly integrated CareWare suite covering automated staff and educational scheduling, acuity/demand, agency management, T&A, and real-time Analytical Dashboarding serves primarily Healthcare. Care Systems' ERP/HIS interfacing capability and cloud/in-hospital hosting matches any budget with guaranteed rapid payback. Try CareWare for free from our cloud.

CDW Canada #1008

www.cdw.ca

CDW Canada is a leading provider of technology solutions. Ranked the No. 1 solution provider in Canada on the Computer Dealer News Top 100 Solution Providers list, CDW Canada helps customers achieve their goals by delivering integrated technology solutions and services.

Cerner Canada ULC Registration Area

www.cerner.ca

Cerner's health information technologies connect people, information and systems at more than 18,000 facilities worldwide. Recognized for innovation, Cerner solutions assist clinicians in making care decisions and enable organizations to manage the health of populations. Cerner's mission is to contribute to the systemic improvement of health care delivery and the health of communities.

CGI #507

www.cgi.com

Founded in 1976, CGI is one of the largest IT and business process services providers in the world, delivering high-quality business consulting, systems integration and managed services. With a deep commitment to providing innovative services and solutions, CGI has an industry-leading track record of delivering 95% of projects on time and within budget, aligning our teams with clients' business strategies to achieve top-to-bottom line results.

ASSOCIATION CANADIENNE
D'INFORMATIQUE DE LA SANTÉ

CIHI: Canadian Institute for Health Information #516

www.cihi.ca

CIHI is an independent, not-for-profit organization that provides essential information on Canada's health system and the health of Canadians. Our stakeholders use our broad range of health databases, measurements and standards, together with our evidence-based reports and analyses, in their day-to-day decision-making. We protect the privacy of Canadians by ensuring the confidentiality, integrity and availability of our health care information.

CIRA #701

www.cira.ca

The Canadian Internet Registration Authority (CIRA) manages the .CA top-level domain on behalf of all Canadians. In addition to this core function we support organizations in securing and optimizing their websites. A Member-based organization, CIRA develops and implements policies that support Canada's Internet community, and the .CA registry internationally.

COACH: Canada's Health Informatics Association #617

www.coachorg.com

COACH is the voice of health informatics (HI) in Canada, promoting the adoption, practice and professionalism of HI. COACH represents a diverse community of accomplished, influential professionals who work passionately to make a difference in advancing healthcare through IT. HI is the intersection of clinical, IM/IT and management practices. Members are dedicated to realizing their full potential and advancing HI.

Desjardins Insurance #1017

www.desjardinslifeinsurance.com

As the life and health insurance arm of Desjardins Group, Canada's largest integrated financial cooperative, Desjardins Insurance helps more than five million Canadians prepare for life's contingencies and plan a financially secure retirement, by offering them a tailor-made combination of life and health insurance coverage and innovative savings solutions.

Digital Boundary Group #902

www.digitalboundary.net

Digital Boundary Group provides IT Security Assurance services for health services organizations across North America. With over a decade of experience performing network security assessments, penetration testing, vulnerability scanning and incident response and investigation, Digital Boundary Group will find the weak links in your network.

Dimensions Analysis #503

www.dimensionsanalysis.com

Committed to providing our customers with unified custom reporting, integration and data analytics solutions across the healthcare continuum. We help to consolidate a wealth of information to all those that need it using the most efficient methods.

Downtown Surrey #806

www.surreycitycentre.ca

Innovation Boulevard is centered on the university district and hospital campus in Downtown Surrey. It is a partnership of health, business, higher education and government creating new health technologies to improve people's lives. Downtown Surrey BIA supports and promotes economic development by building partnerships to create a dynamic and sustainable Metropolitan Centre that is THE place to invest, work, learn, live and play.

EIZO #707

www.eizo.com

EIZO is a visual technology company that develops and manufactures high-end display solutions by integrating hardware and software technologies to help customers work more efficiently.

ELSEVIER

Elsevier #906

www.confidenceconnected.com

Elsevier is a world-leading provider of information solutions that enhance the performance of science, health, and technology professionals. Our Clinical Solutions products and services are designed to help caregivers, professionals, and students improve practice, encourage adoption of exceptional professional practice guidelines and promote a culture of quality across your organization.

EMC²

EMC #602

www.emc.com

EMC is a global leader in enabling businesses and service providers to transform their operations and deliver information technology as a service (ITaaS). Through innovative products and services, EMC accelerates our customers' IT journey, helping IT departments to store, manage, protect and analyze their most valuable asset — information — in a more agile, trusted and cost-efficient way.

Emerald Health Information Systems #808

www.emeraldhis.com

Emerald Health Information Systems Ltd is a Canadian health informatics company specializing in Business Intelligence, infection control and surveillance, patient flow and workload software solutions. Emerald's delivers turn-key solutions including its software applications and implementation and consulting services. The Emerald applications are developed to provide user-friendly information-rich web user interfaces for the decision support, IT, clinical and management teams.

Epic

Epic #916

www.epic.com

Epic software is the information backbone for many of the world's largest hospitals and integrated health systems, supporting improved care quality while enabling reductions in cost. One database spans clinical, administrative, and population health functions – even extending into the patient's home.

ERGOTRON®
HEALTHCARE

Ergotron Healthcare #816

www.ergotron.com

Supporting care everywhere Ergotron can help your clinic, physician office or hospital improve electronic medical records access: StyleView carts are designed for nurses to expand the reach of care; computer wall mount systems fit most any space, enhancing workflow and caregiving.

Extension Healthcare #703

www.ExtensionHealthcare.com

Extension Healthcare's Engage™ "one platform" approach improves clinical communication, collaboration, care coordination, and workflow with a specific focus on reducing unnecessary clinical interruptions and improving response to critical patient events. The Extension platform intelligently notifies clinicians about real-time patient events through context-driven notifications to smartphones and other common mobile communication devices.

FDB (First Databank) #1007

www.fdbhealth.com

FDB (First Databank) is the leading provider of drug knowledge that helps healthcare professionals make precise medication-related decisions. With thousands of customers worldwide and more than three decades of experience, FDB enables our developer partners to deliver actionable solutions that help improve patient safety, quality, and healthcare outcomes.

FICO #1009

www.fico.com

FICO is a leading analytics software company, helping businesses in 90+ countries make better decisions that drive higher levels of growth, profitability and customer satisfaction. FICO provides analytics software and tools across multiple industries to manage risk, fight fraud, build profitable customer relationships, optimize operations and meet strict government regulations.

FormFast #1000

www.formfast.com

FormFast empowers hospitals by automating documents and workflow, capturing data and streamlining operations. The company's productivity platform fills gaps between clinical and non-clinical hospital technologies, automating data capture and document workflow. FormFast helps hospitals achieve new levels of operational efficiency, allowing them to concentrate on their core mission – delivering quality care.

Gevity Consulting Inc. #316

www.gevityinc.com

Gevity is an international informatics and management consulting company offering a full range of interdisciplinary professional services to clients seeking to build sustainable and effective health care and social services systems. Through our focus on the unique needs of the health care, social services and life sciences sectors, we work to support healthier lives through connected systems.

**Global Knowledge #1103**www.globalknowledge.ca

Global Knowledge is the world's leading learning services and professional development solutions provider. We deliver learning solutions to support customers as they adapt to key business transformations and technological advancements that drive the way that organizations around the world differentiate themselves and thrive.

**GlobalMed #607**www.globalmed.com

GlobalMed is the leader in healthcare delivery systems. Our integrated solutions include: telemedicine stations, examination cameras, connected medical devices and software that allow for remote dynamic collaboration. They are deployed in 55+ countries around the world, enabling healthcare providers to conduct more than 3.5 million telehealth visits annually.

**HappyOrNot #1119**www.bpmworks.ca

HappyOrNot® is an award winning service provider of innovative solutions to help businesses develop and improve service experience through continuous monitoring and reporting on customer and employee satisfaction levels. Our experience in more than 70 countries has enabled us to gather an extensive worldwide market intelligence database.

**HCI Group #907**www.thehcigroup.com

The HCI Group is a global leader in healthcare IT consulting. Our services include implementation and training of all EHR vendors as well as service lines in optimization, clinical adoption, integration and testing, Go-Live, and advisory services, among others. Our clients include some of the finest healthcare providers in North America.

**HealthTech Connex Inc. #801**www.healthtechconnex.com

Located in the Health & Technology District on Innovation Boulevard, HealthTech Connex Inc. focuses on technology-based innovations for rapid impact in health improvements and outcomes. With a focus on global health priorities, we connect advanced R&D to product breakthroughs with the largest possible social benefit. With brain vitality as a premier focus, HealthTech Connex Inc. provides translational neuroscience innovations worldwide.

**Honeywell Life Care Solutions #302**www.HoneywellLifeCare.com

Honeywell Life Care Solutions provides digital health technologies for health care systems, payors, employers, home health agencies, and individuals to improve the quality and cost efficiency of care. Our remote patient monitoring and clinically-driven self management solutions help individuals actively contribute to their own care through easy to use software and devices, providing greater insight for their care providers.

Hospira #1018

www.hospira.ca

Hospira Infusion Systems portfolio features proven, innovative smart pump, ambulatory and pain management technology designed to help improve clinical safety and workflow. Our focused line of infusion systems include the Plum 360™, Plum A+™, Sapphire™, Sapphire Plus™ and LPCA™ Infusion systems. Hospira portfolio also includes the most comprehensive range of IV Therapy accessories in Canada.

Hospital News #1019

www.hospitalnews.com

Strong, expert editorial keeps health care professionals, administrators, patients, visitors and students informed of current health care news, medical advancements and trends with a fresh perspective each month. Hospital News is the health care professional's choice for stories on best practices, new procedures, the latest technology and professional development opportunities.

Humanscale #923

www.humanscale.com/healthcare/index.cfm

Humanscale has been designing award-winning ergonomic tools for the digital workplace for more than 30 years, creating groundbreaking products that make work life healthier and more comfortable for the user. Our healthcare division carries this vision forward with solutions that improve functionality, efficiency and care.

IBM #716

www.ibm.com

IBM is one of the largest technology, services and consulting companies in Canada, backed by over a century of business and systems innovation. IBMers are dedicated to world-changing progress and building new ways to work, where intelligence is infused into the systems and processes that make business and society smarter.

Intelligent Medical Objects #1022

www.e-imo.com

Intelligent Medical Objects (IMO®) is the market leader in terminology services for EHR systems. IMO's Clinical Interface products comprise the largest system of clinician-friendly terms and concepts, all mapped to standard reference and reporting nomenclatures including ICD-10-CM and SNOMED. IMO partners with major health IT vendors including Cerner and MEDITECH.

Kainos Evolve #609

www.kinduct.com

Kainos Evolve provides an Integrated Care Platform that brings care teams across multiple organisations, their healthcare IT systems and their patients together for better care. Working with Apple as a mobility partner and solutions for Hospitals, Community Care, Emergency Response teams, we are a leader in Mobile-Enabled Healthcare software for iOS.

Kinduct Technologies #1002

www.kinduct.com

Kinduct Technologies develops innovative software that allows professional and amateur sports organizations to collect, analyze and visualize athlete data within a centralized athlete management system. Kinduct's software platform allows for more informed decision making and collaboration across all levels of a sports organization with an overarching goal of enhancing athlete performance.

Lenovo Health #908

lenovohealth.com

Lenovo Health is a visionary voice and proactive health IT partner that brings a foundation of security, compatibility, mobility, and reliability to the industry. Our focus lies in simplistic, seamless solutions that help you get ahead in an ever-changing health IT landscape.

Lexmark Canada #700

www.lexmark.com

Lexmark provides solutions to reduce your costs of communication in both paper and electronic communication including DICOM images. Lexmark provides technology to get the expensive paper based process's converted to electronic workflow. Lexmark leads in "First Mile" capture of medical information processed into Cerner or Meditech and others!

Logibec Inc. #216

www.logibec.com

Logibec, a portfolio company of GI Partners, offers innovative solutions paired with expert clinical and financial performance analysis that optimizes processes in the health care industry. Its software systems and consulting services support the evolving needs of the health and social services.

Master of Health Informatics #1109

ihpme.utoronto.ca/academics/pp/mhi

Master of Health Informatics at the Institute of Health Policy, Management and Evaluation, University of Toronto, prepares students to manage intersections of people, processes and information technology in healthcare. Offered in regular and executive streams, MHI balances theoretical and applied learning. Graduates become leaders in strategy, change management, clinical informatics, and solution architecture.

McKesson Imaging & Workflow Solutions #1117

www.mckesson.com

McKesson Imaging & Workflow Solutions provides a range of information technology solutions for hospitals and healthcare providers of all sizes and complexity. Our solutions for enterprise imaging and diagnostic imaging (radiology, cardiology), and workflow help customers improve collaboration and productivity, optimize performance and quality, and coordinate care while helping to maximize the value of their technology.

MED2020 Health Care Software Inc. #702

www.med2020.ca

MED2020 dominates the Canadian coding and abstracting market with a comprehensive suite of HIM solutions. MED2020 has implemented its best in class solutions to small hospitals and large multi-tiered regions all across Canada. MED2020 is well known for its high quality implementations and support services

Medical Information Technology, Inc. (MEDITECH, Inc.) #200

www.meditech.com

Healthcare IT is overdue for disruption and innovation. So we've redefined what an EHR can do for your patients and your productivity. MEDITECH's integrated and interoperable solutions, comprehensive approach to patient safety, and dedication to value and sustainability are helping our customers to impact their communities like never before.

Meta Healthcare IT Solutions #402

www.metacare.ca

Meta Healthcare IT Solutions specializes in providing innovative and comprehensive clinical information solutions that reduce medical errors, enhance clinical documentation and improve patient outcomes. Our suite of Electronic Health Record products includes CPOE, pharmacy management, point of care bar-coded medication administration, clinical documentation and electronic forms management.

Mohawk College/McMaster University #506

www.investinhamilton.ca

Mohawk College/McMaster University – With over 25,330 employees, 1,496 researchers and 687,467 square feet of lab space dedicated to the healthcare sector, Hamilton has the resources needed to support digital health innovation. Discover Hamilton's digital health expertise, including Mohawk College, ClinicalConnect, McMaster University eHealth Program and Department of Family Medicine at eHealth 2016.

mTuitive, Inc. #1016

mtuitive.com

mTuitive, Inc. develops data capture and synoptic reporting software to assist health care professionals in recording clinical findings and maintaining compliance with established protocols and guidelines. Our pathology and operative reporting solutions are used throughout Canada for cancer and non-cancer reporting.

NOVARI Health #403

www.NOVARHealth.com

Novari Health, the eReferral, eConsult, central intake, wait times, access to care, eBooking and wait list management experts.

Nuance #717

www.nuance.com/healthcare

Nuance Healthcare empowers healthcare provider organizations and individual clinicians to accurately capture and transform the patient story into meaningful, actionable information. Nuance improves the entire clinical documentation process — from capture of the complete patient record to clinical documentation improvement, coding, compliance and appropriate reimbursement.

OntarioMD #300

www.ontarioMD.ca

OntarioMD is a wholly-owned subsidiary of the Ontario Medical Association (OMA). It manages programs and services that connect EMRs to more patient data collected outside primary care settings. It receives funding from the Ministry of Health and Long-Term Care to support Ontario's physicians to implement an EMR and to optimize EMR use.

Orion Health #416

www.orionhealth.com

Orion Health is a population health management company with proven experience delivering interoperable, connected solutions for healthcare providers; helping them preserve and extend their existing digital health assets for better care coordination. Visit us at eHealth to learn more about our new care coordination tool and remote patient management solutions.

PetalMD #622

www.petalMD.com

PetalMD is a web-based scheduling, patient booking and secure messaging solution for physicians, medical clinics and hospitals. With a mission to improve the lives of physicians, PetalMD is committed to assisting them in creating and managing their work schedules, communicate on topics of interest via secure messaging, share documents and have access to essential medical information.

Philips #606

www.philips.com

At Philips, we look beyond technology to the experiences of patients, providers and caregivers across the health continuum from healthy living to prevention, diagnosis, treatment, recovery and home care. We unlock insights leading to innovative solutions that help deliver better care at lower costs.

PURKINJE #817

www.purkinje.com

A trusted pioneer in bilingual Pan-Canadian healthcare solutions for over 35 years. Our web-based integrated solutions extend beyond the point of care. Clinicians access the power of an integrated database that contains all clinical and administrative data at the clinic, hospital or regional levels, promoting efficiencies in workflow and care coordination.

**Q-nomy Canada Inc. #917**qnomy.com

Q-nomy Canada Inc. provides Patient Flow Management solutions that help hospitals optimize patient throughput and deliver value-based care. Our flagship product, Q-Flow® includes Appointment Scheduling, Patient Queuing and Routing, Business Process Management, Digital and Interactive media, and a comprehensive set of Business Intelligence, Decision Support and Productivity Enhancement applications.

**QHR Technologies #706**www.QHRTECH.com

QHR is a Canadian Healthcare Technology Company. As a leader in the industry, QHR believes that technology will change the way we all interact with healthcare. QHR's suite of technologies includes two products, Medeo Virtual Care and AccuroEMR, the largest single electronic medical record platform in the country. QHR Corporation is a publicly traded Canadian company.

**Red Hat #1123**www.redhat.com

Red Hat is the world's leading provider of open source solutions, using a community-powered approach to provide reliable and high-performing cloud, virtualization, storage, Linux, and middleware technologies. Red Hat also offers award-winning support, training, and consulting services. Red Hat is an S&P company with more than 70+ offices spanning the globe, empowering its customer's businesses.

**Ricoh Canada #616**www.ricoh.ca

For more than 50 years, Ricoh has been delivering solutions for Healthcare clients across North America. Ricoh healthcare solutions include on-site and off-site managed services, technical services and support, and customized workflow design and implementation. Our team of dedicated healthcare solutions experts work with your organization to improve healthcare efficiencies, address security initiatives, and discover opportunities to reduce costs.

Knowledge and passion

Sectra #900www.sectra.com/medical

With more than 20 years imaging, Sectra develops and sells IT systems and services for radiology, pathology, women's health and orthopaedics. More than 1,700 hospitals, clinics and imaging centers worldwide use the systems daily, making Sectra one of the world-leading companies for handling digital images.

STANLEY

Innovation Alley

Innovation Alley, making its debut in 2016 e-Health conference, is designed to feature new and innovating start-ups and medium-sized companies that are using emerging technology and new delivery models to improve healthcare in Canada.

iamsick.ca #B

iamsick.ca

iamsick.ca is a digital health platform (website & iOS / Android / BB10 apps) that helps patients navigate the healthcare system and access healthcare services. Patients can easily find nearby healthcare options, book appointments online, see wait-times for same-day visits, and enter virtual waiting rooms instead of physical waiting rooms. Together, we can improve patient experience while optimizing operational efficiency.

IDENTOS

LDF Innovations

IDENTOS #J

www.identos.com

IDENTOS is a security solutions provider offering Authentication, Identity and Encryption Key Management for companies building applications that make use of sensitive or private information. Our powerful SaaS based solution for securing data anywhere (in desktop, cloud applications, mobile apps and IoT devices) is democratizing complex security infrastructure enabling innovative solutions in the healthcare market.

LDF Innovations #G

www.nursingbagforyou.com

LDF Innovations is happy to offer a great new way for Healthcare professionals to visit their clients. LDF Innovations proudly introduces the fresh new Home Care/ Healthcare Nursing Bag. The first bag of its kind to offer two layers to separate assessment devices and wound care supplies. Highly recommended for infection control.

Livecare Health Canada Inc. #A

www.livecare.ca

Livecare Health Canada Inc. is a technology-enabled health care organization providing IT solutions to healthcare providers, remote clinics, corporations, municipalities, provincial and federal governments and First Nations communities. Our technologies are physician-oriented, helping to improve patient access to medical care, specialty care and psychiatric/mental health services particularly in rural areas.

Micro Com Systems #C

www.microcomsys.com

With over 40 years in business, Micro Com Systems is BC's leader in document imaging. We scan and digitize patient records including x-rays, freeing up office space, providing easier data retrieval, protection from loss, and linked to your EMR system. Micro Com Systems is quality you can trust.

NC Smart Call #I

NCSmartCall.com

NC Smart Call is an online scheduling software that enables scheduling departments to fill 10x more relief shifts per day by automating the communication process. How much time do your staffing clerks spend dialling numbers and leaving messages? NC Smart Call can do this for you.

Proof Anywhere #F

www.proofofcare.com

Proof Anywhere is a digital nursing service with a progressive approach to supporting people with care needs while remaining in their homes. Using our touchscreen platform, a client can be connected to digital nurse 24/7 for professional guidance, assessment and support, along with the ability to monitor vitals remotely and share that data with other health care professionals or family.

Quick'rCare #K

www.quickrcare.com

Quick'rCare is the facility-to-patient matching tool for immediate care. This platform allows patients to search, review, and hold their place in line with an immediate care facility. Quick'rCare helps patients and facilities accommodate non-emergency visits with less time. Letting patients get better faster.

ShareSmart #E

www.sharesmart.ca

ShareSmart is Canada's only secure smartphone solution to medical photography and messaging. Multilevel security comes standard, making the data impenetrable. Only verified healthcare professionals are registered users. All clinical photos are directly uploaded to the secured cloud. The entire process complies with all Canadian privacy laws and regulations.

Vistacan #H

vistacan.com

Vistacan is a lean Okanagan health software partnership founded to provide BC patients immediate anywhere access to their medical data. We leverage mature and widely deployed Open Source software including VistA, with proven teleplan billing, telemedicine, and EMR mobile web services. Simply put, "Your health in your hands".

Conference Venue

Vancouver Convention Centre

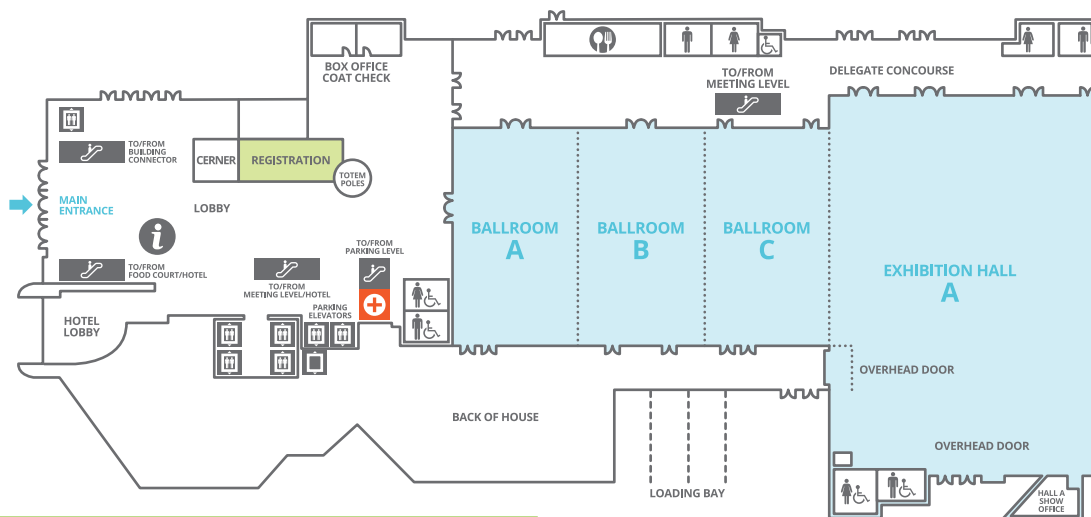

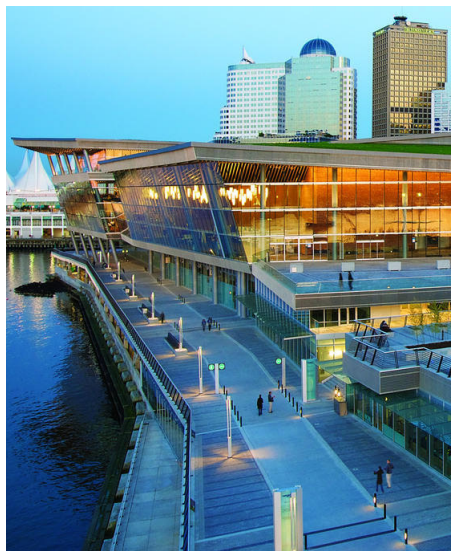

www.vancouverconventioncentre.com

East Building

999 Canada Place, Vancouver, BC,
Canada V6C 3C1

The e-Health 2016 conference will take place in the East Building of the Vancouver Convention Centre. The Convention Centre is located on the beautiful waterfront of downtown Vancouver. The East Building is accessible via Canada Place.

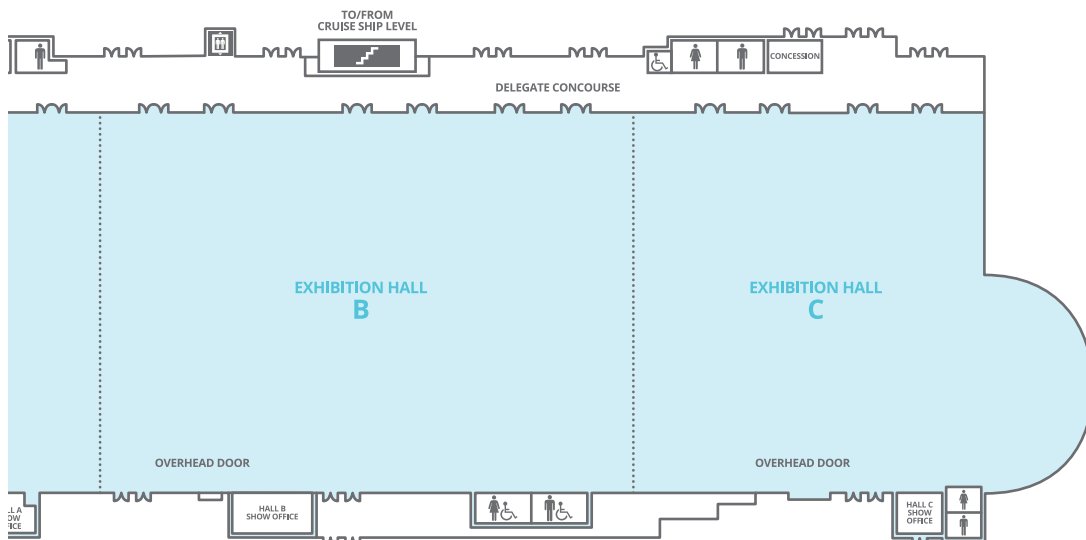

Vancouver provides exquisite dining, great hotels, and shopping, all within easy walking distance from the Convention Centre. The venue is a mere two blocks away from the Waterfront Sky Train station, providing easy access to public transit to the rest of the city. The Convention Centre greets you with stunning architecture and breathtaking views of the Pacific Ocean and the towering Coast Mountains.

FOR PUBLIC SERVICES, PATIENT DATA OR HOSPITAL OPERATIONS...

This test was easy. Adding the **D-Zone Secondary Anycast** service to your existing DNS is even easier. Visit CIRA in **booth 701** for a no-obligation trial.

Why hospitals and e-health service providers choose D-Zone:

- Keep traffic local with an unmatched Canadian footprint distributed coast-to-coast
- Nodes in global Internet hubs
- 102% faster DNS response time than other providers in Canada
- The capacity to soak up today's multi-Gig DDoS traffic

D-Zone is brought to you the Canadian Internet Registration Authority, a not-for-profit helping the e-health community.

Learn More at: cira.ca/d-zone

**The best-kept secret
in health technology?
The people using it.**

Make Global Knowledge your partner in optimized digital medicine.

As a healthcare professional, you understand the enormous potential of digital medicine. But are you certain your organization is fully realizing that potential? Let Global Knowledge help. We're the world's leading provider of IT, business and leadership training, as well as custom learning solutions. With our help, your teams can gain new expertise in using technology to improve patient care through data-driven decision-making. Find out more. Visit the Global Knowledge booth at e-Health and talk to one of our learning specialists.
